

More of You

Lord, teach me and train
In the way I should go
Pour out your spirit on me
And let the gifts come forth

Shower me with your presence
And the Fruit of the Spirit
That I may stay strong
And not grow weary

Let your spirit guide me
In all that I do
I pray that someday soon
I will be souled out for you

Thank you Lord for now I see
The plan and purpose you have for me
To be in your presence
And abide your commands
Preaching and teaching the gospel throughout the Land

Spreading the good news about Jesus Christ
And how we too can live a spirit filled life

The miracles he performed
And how he calmed the storm
How he healed the sick and made the blind see
How he laid down his life for a sinner like me
That we may have life
And have it more abundantly

More of you is what I desire
Fill me Lord with your Holy Ghost Fire
