

## How to Pray

As I kneel to pray  
So many thoughts run through my mind  
How do I start?  
What do I ask for this time?

Should I open up my heart to God and keep it real  
Or should I pray for families and the sick to be healed?

Do I tell Him I failed and that I've sinned?  
Should I ask God to cleanse and make me whole again?

Should I pray that the unsaved is led to Christ  
Or do I ask for the power to fight the good fight

Should I pray for the homeless  
And that the hungry are fed  
Or should I pray for our politicians  
By which our country is led

Suddenly there's silence  
And a voice from up above  
Saying pray for them all  
Because they all deserve my unconditional love
